If you need a place to park your car, would like food & drink before the match or the details on the easiest route to the stadium via public transport, all the information is here.

Unfortunately, we can't guarantee the score but we aim to ensure you, your friends and family have a great day at the stadium.

The Eco-Power Stadium

The Eco-Powerr Stadium opened in 2007. It is situated next to beautiful surroundings of the Lakeside, believed to be the only league ground to be next to a lake. Another distinguishing feature are the four floodlights, which are mounted on the roof in each corner.

The stadium has a capacity of 15,231 seats on one side is the West Stand this contains the teams changing rooms, The Belle Vue and Alick's Bars. The private television gantry and the press are also located in this stand.

On the other side of the pitch is the SMT Xtra East Stand containing 16 executive boxes running across the back of the stand. The East Stand also houses the padded hospitality seating the Legends' Lounge and directors suite.

The Polypipe (South) Stand houses the more vocal of the home support and is connected to the East Stand by the Club Doncaster Foundation Family Area.

Finally opposite the Polypipe Stand is the Ellgia (North) Stand which is where the travelling support is based, with a capacity of approximately 3,318.

The stadium has large access points in three corners of the ground, which can be used if needs be by emergency

services. There are two electric scoreboards situated in the North East & South West corners of the stadium.

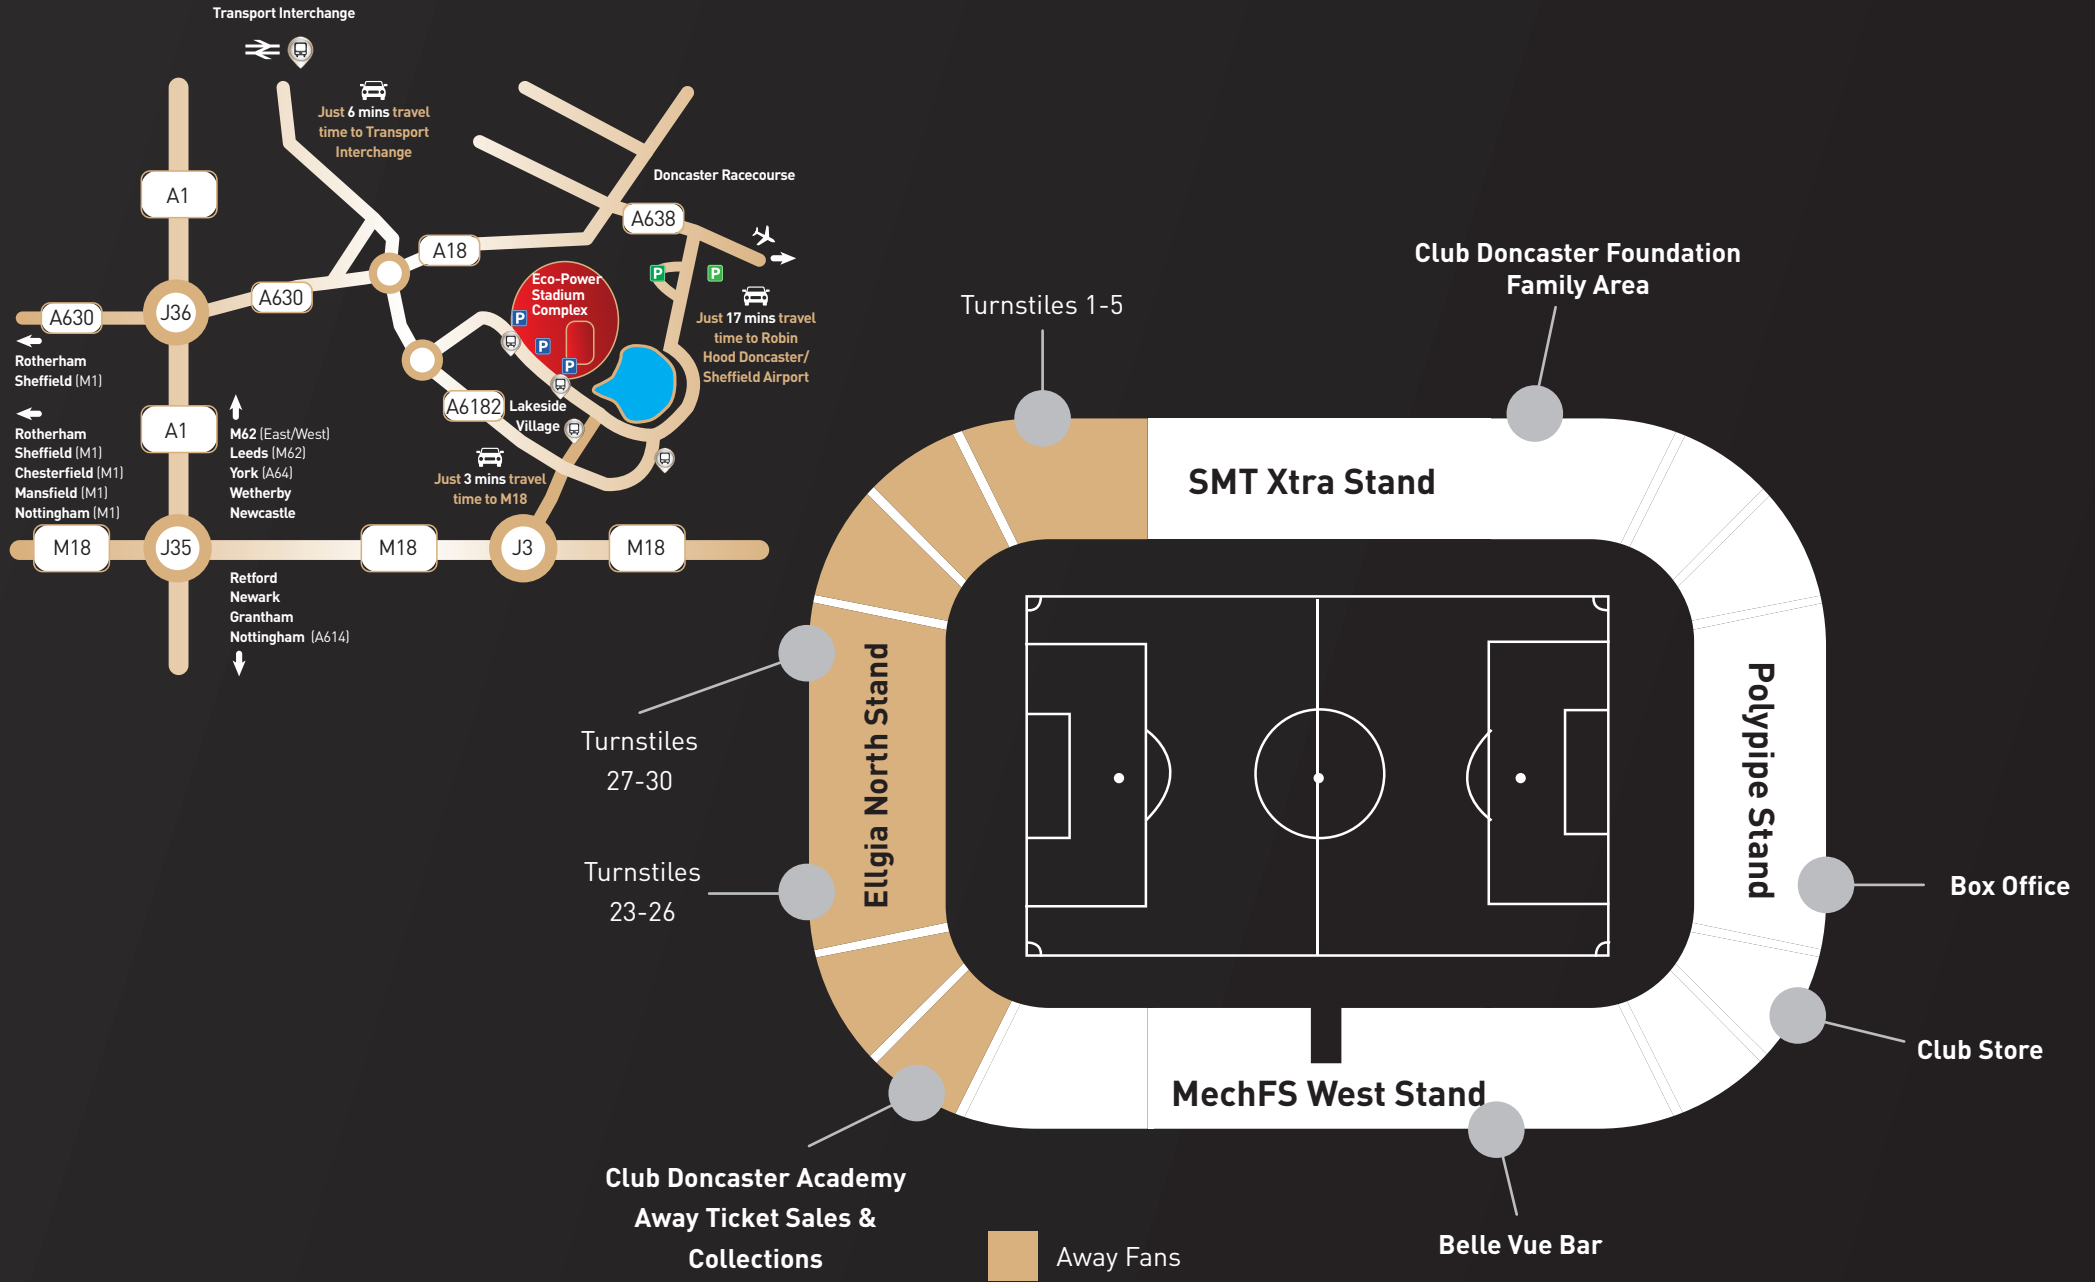

Facilities for Visiting Supporters

Away fans are located in the North Stand. If demand requires it then a portion of the East Stand can also be allocated. The view of the playing action, legroom, and facilities are all of an excellent standard.

The concourses have recently been refurbished and a number of food and drink options are available. All concourses are fitted with televisions in order to keep supporters entertained pre-match (see Concourse section for more details).

Please note that **cash is not accepted at the turnstiles**, all matches at the Eco-Power Stadium are ticket only. Away tickets can be purchased from the Club Doncaster Academy Reception in the North West corner of the Stadium. However the best way to ensure you get your tickets for the game is to pre-purchase them at your clubs ticket office.

Once on the M18, leave at Junction 3 and take the A6182 towards Doncaster (the stadium is well signposted from Junction 3 and is about one and a half miles away).

At the next island turn right onto the industrial estate and after passing the Tesco distribution centre on your right, turn right at the bottom of the road and the stadium is further down on your left.

There are just 1,000 car parking spaces at the stadium, which will mean that for the bigger games, parking will be at a premium. Out of the 1,000 there are 60 parking spaces reserved for disabled fans, which must be booked prior to matchday.

The cost of parking at the stadium is £5. Alternatively, a number of companies on the nearby industrial park, offer matchday parking at around £3-£4 per vehicle. Please be aware users park at their own risk and Doncaster Rovers endorse none of these unofficial car parks.

Away coaches are parked in Car Park 4 on the approach to the stadium. This is at a cost of £20 (Minibuses can park for £10). Coaches need to follow the stadium signs; the entrance to the car park is directly ahead when you see the first group of car park stewards.

Ambulant disabled supporters of away teams may choose to sit anywhere (subject to availability), although the club would recommend seats in lower rows for ease of access. Visually impaired supporters may access the 'Soccer Sight' match commentary service via headsets available from the stewards upon request.

The club operates a RADAR lock scheme whereby specially manufactured locks are fitted to toilets around the stadium and can only be operated using a RADAR key. These keys are available to disabled or registered blind people to enable them to access the facilities.
